Institutional Effectiveness Committee

This committee determined the degree to which UT Dallas was actually effective in its work and to which UT Dallas displayed institutional integrity. It determined the degree to which all programs and courses meshed with good educational practice and the mission and goals of the University. This committee also focused on departments and programs not directly associated with the offering of degree credit. For example, this committee reviewed the effectiveness of operations within such areas as Learning Resources, Purchasing, the International Center, the Women's Center, the Career Center, the Bursar's Office, Intercollegiate and Intramural Athletics, and Payroll and Tax Compliance.
